

SUSQUEHANNA ART MUSEUM

Exhibitions Policy

Mission: Susquehanna Art Museum: experience creativity and explore meaning through the visual arts.

Vision: Nestled within the Capital City's emerging midtown neighborhood in a newly reclaimed building, the Susquehanna Art Museum serves as a catalyst in the Commonwealth to offer educationally superior programming and diversely extraordinary exhibitions.

Introduction

The purpose of this document is to establish and implement exhibition philosophy and planning. The Susquehanna Art Museum (SAM) uses this document to maintain professional standards and procedures for exhibition development. As a non-collecting institution, all exhibitions are curated to follow the education-focused mission and vision statements.

Exhibition Strategy

SAM builds a rapport with the community by selecting exhibitions that engage a wide audience and providing enriched museum experiences with educational programming. SAM nurtures this community connection through the following exhibition requirements:

- selecting diverse exhibitions that represent a variety of cultural backgrounds
- enhancement of the museum's reputation for excellence, substance, and integrity
- ample resources for developing educational programs
- potential for building partnerships/collaborations with regional arts and outreach organizations
- periodic audience and professional evaluations for future improvements

Balance

SAM serves a broad and diverse public audience. Accordingly, the exhibitions span a range of subjects, periods, styles, and interpretive approaches. The annual exhibition program should achieve a balance of the following considerations:

- scholarly themes vs. popular culture interests
- a variety of mediums represented
- a variety of cultural backgrounds represented
- appeal to a wide age range

Selection and Review

All exhibitions at SAM are part of a planned program of rotating invitational exhibitions and traveling shows. Exhibition proposals are received and/or developed by the Director of Exhibitions and reviewed by museum staff before advancing to the appropriate committee of the Board of Directors for discussion. Both staff and committee members review newly proposed exhibitions using the Exhibitions Review Criteria (attached) and the Exhibition Proposal Policy (attached) to determine their appropriateness to SAM's requirements. Decisions made by the staff and committee are recorded in the meeting minutes and passed on to Museum bodies with financial authority for consideration.

This document has been approved by the Susquehanna Art Museum Board of Directors on March 16, 2016. Reviewed/updated June 2018.
